EDUCATION

Washington University - St.
Louis - Full Stack Boot Camp

Jul 2021 - Jan 2022

Full-Stack web developer leveraging financial background to build a more intuitive web experience for users. Certificate of completion obtained from Washington University-St. Louis for the accelerated full stack web development program where I developed skills in multiple coding languages. Upbeat and innovative with a passion for problem-solving I'm excited to leverage these skills as part of a team to build a better user experience.
